New technology can be tricky. Follow these steps to share audio & video:

1. Click the Blue 'Share Audio & Video' button as on previous slide.
2. Check that your microphone and camera are working, then confirm you want to join.
3. TROUBLESHOOTING:
 1. If your camera/audio aren't working, make sure you have closed all other video applications i.e Zoom & teams.
 2. If you can't hear your audio, make sure you have selected the correct input in step 2.
 3. When in doubt, just REFRESH the page.
